DETAILED ACTION

The amendment filed on December 29, 2003 has been entered. Claims 3-5, 8-9, 12, 14, 17, 19-20 and 22-24 are pending.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

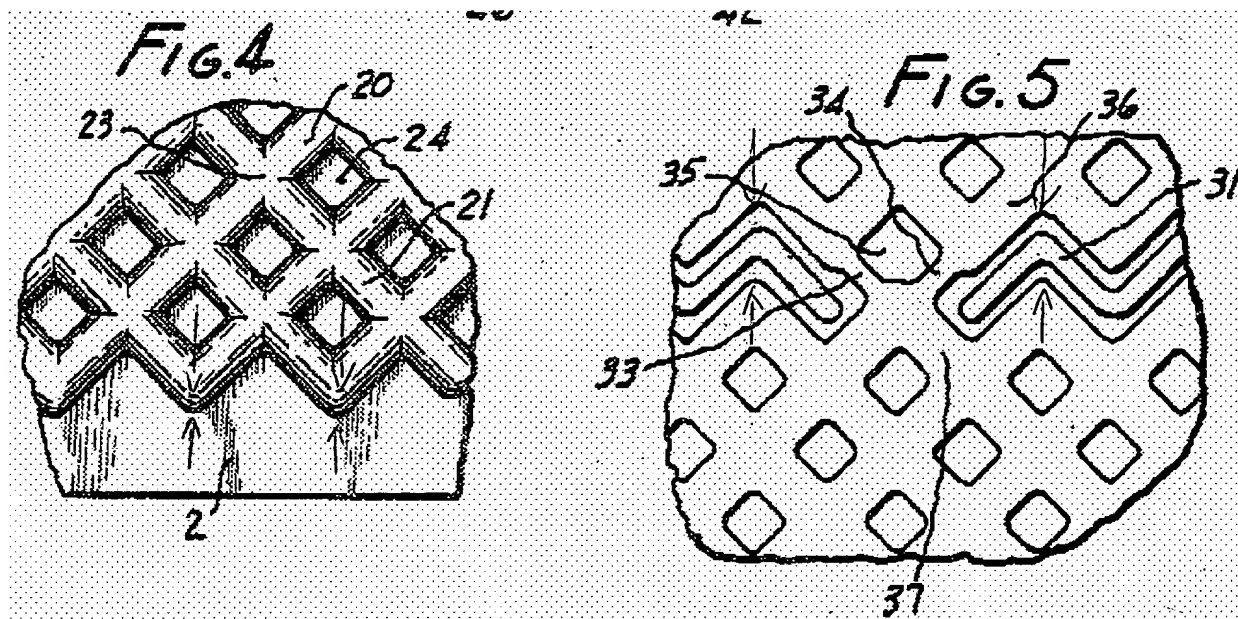

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 3-5, 8-9, 12, 14, 17, 19-20 and 22-24 are rejected under 35 U.S.C. 102(b) as being anticipated by Gammons et al. Figures 1 and 4 disclose the border seal being “rippled with no sharp changes in direction (curvilinear ripples).” Figures 1 and 5 disclose the fence being “rippled with no sharp changes in direction (curvilinear ripples).” Regarding claims 17 and 19, Gammons et al (column 1, lines 11-13) discloses a system comprising a heat transfer device; and pump in combination with a heat exchange panel.

Response to Arguments

The claim objections are withdrawn.

Applicant's arguments have been fully considered but they are not persuasive. The device of Gammon et al does not have “hard corners” like applicant's prior art Figure 2a. As shown below, Figures 4-5 of Gammon et al disclose curvilinear ripples where the corners are rounded (in red). Applicant's specification does not disclose any structural difference from the curvilinear ripples of Gammon et al.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
